# 1-800 NATIONAL<sup>®</sup> Technical Service

## National Gypsum has your answers.

### A Valuable Resource.

With over 40 years of accumulated research, on-the-job experience and knowledge of building products and their application, National Gypsum is your resource for technical information. Beyond simply manufacturing and providing quality building products, National Gypsum has made a total commitment to technical assistance for our customers all along the line at every stage of a project's development.

**Direct And Personal.** With one phone call from anywhere in the U.S. and Canada, you have a direct, personal link to National Gypsum's database of current technical information. You'll talk directly to a technical expert with up-to-date knowledge of specifications, building codes, product information and much more. And, for your convenience, National Gypsum's toll-free technical assistance is available from 8:00 a.m. through 4:45 p.m. (ET), Monday through Friday. Call 1-800-NATIONAL (1-800-628-4662), or fax 1-800-FAX-NGC1 (1-800-329-6421). You can also access our website at [nationalgypsum.com](http://nationalgypsum.com).

**A 48-hour Promise.** When you have a unique situation or application involving gypsum-based materials, these technical experts are prepared to review your plans, drawings and detailed problems. They will get back to you within 48 hours with a specific and accurate answer to your gypsum application and installation problems. All with a single toll-free phone call.
